**FAIR, ACCURATE, INCLUSIVE, AND RESPECTFUL (FAIR) EDUCATION ACT (SB 48, LENO)**

- Amends the education code to require that all California public schools must include positive images of gay, lesbian and transgendered people in their social studies classes from K-12th grade.

- Prevents the State Board of Education from adopting instructional materials that discriminate.

- FAIR focuses on teaching about sexual and gender identity – how people’s sexuality and gender orientation affects their social position, point of view, psychology, and politics. NOT about “sex!”

- The CA Social Studies Framework is being amended to reflect the FAIR Act.
Since the last legal reform in 2004, a number of gaps surfaced in what students were learning in classrooms—the CA Healthy Youth Act was an effort to address those missing pieces and streamline existing law.
