Healthy Communities Forum #1

Environmental and Health Benefits of Active Lifestyles

Monday, February 6, 5:00pm

San Jose City Hall – 200 E. Santa Clara Street

JOIN US for the first Healthy Communities Forum of 2012 to explore how the various facets of the health of our cities – economic, environmental, and social – intersect. Neil Maizlish, PhD with California’s Department of Public Health will present a new study which highlights the health and environmental benefits of active transport in the Bay Area. Neil will highlight.... Afterward, we’ll break out into groups... No charge, open to the public, refreshments provided.

WHO Decision makers, community leaders, environmentalists, labor, affordable housing advocates, business leaders, developers, and the general public.

AGENDA

5:00pm – Refreshments & Networking
 6:00pm – Welcome, Presentation by Neil Maizlish
 7:00pm – Breakout Group discussion
 8:00pm – Report Back and Close
