

Community Implementation Funding Overview

This year's funding approach was to fund five priority project areas. Four projects in three priority areas have been selected for funding.

Civic Engagement

Project to implement activities (civics education, nonpartisan issue awareness building activities, community power building, and/or leadership development) that fosters leadership in people most affected by health inequities. The proposal also required a plan for voter engagement in the 2024 election.

Community Collaboration for Children's Success (CCCS)

Project that addresses inequities highlighted through the CCCS process and furthers strategies identified in the Neighborhood Action Plan for one of the focus communities (Daly City, East Palo Alto, North Fair Oaks/Redwood City, South San Francisco).

Restorative Justice Practices (RJP) in School Settings

Project to support implementation of restorative justice practices as an alternative to punitive, exclusionary discipline that disproportionately impacts Black/African American, Latinx, Pacific Islander, and Special Education students.

Funded Project Areas

Youth Leadership Institute: Project to train young leaders of color to learn about how boards and commissions influence change, why youth voices and lived experiences are needed in city government, and strategies for applying and securing a position on a board or commission.

Climate Resilient Communities: Project to expand youth career development opportunities in East Palo Alto, Belle Haven, and North Fair Oaks. Project would include participation in capacity building workshops, attendance at Climate Change Community meetings, and a three-month internship at local environmental organizations.

City of Redwood City: Project to pilot an Economic Mobility and Inclusive Engagement Management Fellow to create a city action plan on economic empowerment to expand living wage job opportunities and provide targeted support to increase household income.

Cabrillo Unified School District: Project to expand a successful RJP pilot to the entire Cabrillo Unified School District utilizing a parents, students, staff, and district leaders to design and implement a RJP three-year plan.

A new solicitation will be released for Community Health Worker Collaboration and Resident Engagement Collaborative Model.
